About ICMR-NIMS

ICMR-National Institute of Medical Statistics is one of the permanent institutes of Indian Council of Medical Research, (ICMR), New Delhi which came into existence in the year 1977. The mandate of the institute is to support development, application and dissemination of statistical science throughout India in the areas of health, epidemiology and surveillance, biomedical and behavioral research through technical consultation and statistical services, education and training, research and advocacy, mathematical modelling and programme evaluation.

ICMR-NIMS also hosts the Clinical Trials Registry-India (CTRI) with the mandate to encourage all clinical trials conducted in India to be prospectively registered before the enrollment of the first participant.

About the Workshop

The workshop will provide an introduction on practical and methodological issues of how to plan, conduct and report the results of a systematic review. The lectures will focus on the essential steps of systematic review, principles of literature searching, data extraction, and critical appraisal of studies and basics of conducting a meta-analysis.

Who should Attend ?

This workshop is primarily aimed at health professionals and researchers who are planning to conduct a systematic review. Preference would be given to participants who already have a topic in hand.
