

ICMR Participated in 3 day Exhibition “Vibrant North East 2017” organized at Guwahati

The ICMR and its Institutes & Centre viz. National Institute of Malaria Research Field Unit, Guwahati, National Institute of Nutrition, Hyderabad and Regional Medical Research Centre, Dibrugarh participated in this event. The Posters showing various activities and health conditions like malaria, filariasis, JE, occupational hazards and nutritional topics were displayed. The event was inaugurated by the Hon’ble Governor of Nagaland & Arunachal Pradesh Shri P B Acharya. He stressed the need to educate the people of NE States especially farmers to adopt the new technologies so that the agricultural production is enhanced. Skill development programme should be organized and the industrialist should be encouraged to open up industries and food processing units in these regions.

A large number of visitors visited the exhibition. The NIMR Field Unit, Guwahati displayed the larvaevorous fishes, different stage of mosquito larvae, insecticide impregnated mosquito nets, etc.

The valedictory function was presided over by the Hon’ble Governor of Assam Shri Banwari Lal Purohit. Appreciating the event he emphasized that such programmes must be organized in all the North- East States.

The NIMR Field Unit, Guwahati was represented by Dr Kuldeep Singh & Dr Rajendra Kumar, the NIN by Sh Anil Dube, the RMRC, Dibrugarh by Dr Siraj Khan, Scientist E and the ICMR Hqrs by Dr K N Pandey, Scientist F
