DO. No. 7(1)/2022-CSD
Dated: 18.10.2022

Dear Secretary,

With the increased digitization and online governance, cyber security has become integral and important part of the Governance. The hackers/crackers exploit weakness such as ignorance or non-adherence to security procedures, flaws in processes or vulnerabilities in technology (both hardware and software). The use of out-of-date operating systems and IT equipment must be discontinued as it makes the sensitive government IT system susceptible to cyber attacks. In this regard, Ministry of Electronics & IT (MeitY) has observed the following:

i. Some of the Ministries/Departments of Government of India have issued guidelines related to condemnation, scrapping & disposal of IT products / Equipments. One such guideline was issued by DoT (copy attached). This guideline is applicable for Servers, PCs, Dumb terminals, Printers, UPS, Laptop/note-book/tablet, Data communication equipment/LAN switches/router/data cables.

ii. Every hardware OEM declares the lifespan (shelf life) of IT equipment. For operating systems also, respective OEMs declare end-of-life and end-of-support of such OS.

iii. For software applications, OEMs releases either patches or the updated versions of their software.

2.   I would request you to kindly issue directions to all the offices and agencies under your Ministry/ Department regarding lifespan of IT equipments (hardware & software). This will help in maintaining cyber risk-free environment in government Ministries/Departments.

With regards,

Yours sincerely,

(Alkesh Kumar Sharma)

To

Secretaries of all Central Government Ministries/Departments

No.: 8-11/2012-13/IT-I
Government of India
Ministry of Communications & IT
Department of Telecommunications
(Information Technology Cell)

Dated: 26-12-2014

Subject: Guidelines for condemnation & disposal of IT Equipment.

1. **Applicability**

   These guidelines will be applicable to all IT equipments installed in DoT Head Qtrs. and include the following items:
   - Servers
   - PCs
   - Dumb Terminals
   - Printers
   - UPS
   - Laptop/Note-book/tablet
   - Data Communication Equipment/LAN switches/routers/data cables.

Note:

i) Consumable items related to IT like used printer cartridges etc. are not included in the scope of scrapping on account of the fact of its nature as consumable.

ii) IT items like pen drives/floppies, which are petty valued and are not capitalized, are not qualified for the detailed scrapping procedure.

2. **Grounds for condemnation:**

   The IT equipment can be condemned on following grounds:

   a) Equipment outlived its prescribed life and certified by IT Wing as unfit for its useful contribution. The prescribed life of various IT equipment is as following

   1) Servers/PC's/dumb terminals/printers- 5 years

2) Laptop/Note-book- 4 years or till the fitness of such device is certified by NIC of the ministry/department, whichever is later.
3) UPS excluding battery- 5 years
4) Battery of UPS- 1 year after warranty period.
5) Printers - 5 years
6) Softwares do not require any physical scrapping.
7) Data Communication Equipment/LAN switches/routers/data cables 5 years.

b) Equipment which have become obsolete technology-wise and can't be upgraded and support from vendor either paid or unpaid does not exist and their use may result in security threat/ unauthorized access to data.

c) Beyond economical repair: When repair cost is considered too high (exceeding 50% of residual value of equipment taking depreciation into account), and the age of the equipment. Such cases should be dealt on case to case basis and should have concurrence of finance. In case of IT equipments, a depreciation of 20% per year may be taken for calculation of residual value.

d) Equipment that has been damaged due to fire or any other unforeseen reason and have been certified as beyond repair by the authorized service agency and agreed upon by the IT Wing of DoT.

3. Disposal:

Such equipment shall be disposed strictly following the procedure as laid down in Rule 196 to 201 of GFR 2005(copy attached as Annexure II for ready reference) and notification regarding disposal of E-Waste issued by Ministry of environment and forests (copy attached as Annexure III for ready reference). Once the equipment has been condemned it should be removed from office use and kept in the area allocated for scrapped equipment. Department will also ensure removal of service and inventory labels from such equipment. AMC, if any, for such equipments/instruments should be stopped with the effective date of scrapping. All data including operating system must be removed after taking proper backup and preserved by user of the equipment.

4. **Procedure**

   a) IT wing will be the nodal section for all the IT equipments procured. It will prepare and maintain assets' register for the same. However, individual section will also be provided with all the basic information.

   b) Scrapping proposal will be initiated by the user section which will be compiled by IT wing for further processing for scrapping.

   c) Each unit of department will prepare "IT equipment condemnation note" in the pro-forma attached as Annexure-I.

   d) Department will constitute a condemnation committee which will review the condemnation notes and recommend about the condemnation of equipment as per approved guidelines. The committee should have at least one member from IT section and one from the finance wing.

   e) All procedure and rules of the government on maintenance of records for condemnation of non-consumable items will be adhered to in these cases.

   f) The condemnation report so prepared shall be put up for approval. The condemnation will be done only after approval is obtained from competent authority having such powers to approve condemnation. It is suggested that such Scrapping Committee will meet twice in a year during the months of May-June and Nov. - Dec. in order to avoid piling up of unusable IT items.

Respected All,

Greetings from Logistics Division, DPIIT!

Logistics efficiency is a function of infrastructure, services and human resource. For a holistic app logistics efficiency, National Logistics Policy (NLP) was launched on 17.09.2022 by the Hon'ble PM Shri Modi, which addresses the components of improving efficiency in logistics through streamlining pi regulatory framework, skill development, and mainstreaming logistics in higher education among others

To achieve this, a course on PM GatiShakti is designed and developed as a certificate course with e using Integrated Government Online Training (iGOT) platform (e-learning platform) of Department of F Training (DoPT). The course is developed in collaboration with Capacity Building Commission.

The course on PM GatiShakti has 4 modules, of which **Module 1: Introduction of PM GatiShakti,** a detailed overview of PM GatiShakti initiative, is available on iGOT Karmayogi Platform. Moreover, tl modules of this course will be available on the platform shortly.

It is requested to kindly go through this module of the course for a detailed understanding of the initiative of PM GatiShakti NMP.

The user manual for using the iGOT portal and reaching the PM GatiShakti course on the portal is herewith for perusal.

Click here to download the user manual.

Thanks & Regards

Vinod Kumar Verma
Deputy Director General
Department for Promotion of Industry & Internal Trade

D.O. No. LiFE/2022-23/06

Dated: October 19, 2022

Dear Secretary,

The Hon'ble Prime Minister Shri Narendra Modi announced Lifestyle for the Environment (LiFE) Global Movement at COP26 at Glasgow on 1st November, 2021, calling upon the global community of individuals to drive LIFE as an international mass movement that promotes 'mindful and deliberate utilization' instead of 'mindless and destructive consumption' to protect and preserve the environment.

2.   To operationalize and scale up the vision of LiFE into on-ground action, Mission LiFE is expected to be launched on 20th October 2022 by the Hon'ble Prime Minister, in the presence of Mr. António Guterres, UN Secretary-General and other global dignitaries. Approximately 500 participants, including 100+ heads of India Missions abroad, are invited to attend.

3.   The link to watch the Mission Life Launch Event of 20th October 2022 is as follows:

https://pmindiawebcast.nic.in

The event begins at 10:30 AM. You are requested to kindly make arrangements for the event to be live telecast at all your associated offices and encourage participation from the entire team.

4.   While watching the Launch Event, viewers are encouraged to take the LiFE pledge at https://pledge.mygov.in/life-movement/.

5.   A consolidated report of number of individuals present for the live telecast, along with some photographs, may be compiled and shared to Deputy Secretary, Mission LiFE, NITI Aayog (pandaashish71@gmail.com) and Ms. Saloni Sachdeva, Communications, NITI Aayog (saloni.sachdeva@niti.gov.in). The report will be shared with the PMO.

I look forward to your support and cooperation in making the launch of Mission LiFE a global event, led by India.

With regards,

Yours sincerely,

Parameswaran Iyer
