Hospital Azad Sahib,

30th November 2010

This has reference to the Red Ribbon Express (RRE) train project successfully implemented by your ministry. It was a very well conceived and executed project and was appreciated by one and all. However, though I was invited by you to participate in the project, the state government of Punjab did not bother to inform me about the logistics of the function. Infact, it greatly pained me to see that the entire credit for such a brilliant initiative was seized by the state government even though it was a Central Government sponsored project. The state government got free publicity and mileage at the expense of the central government. In the future I would request you to issue necessary instructions to the state governments so that local Members of Parliament are mandatory made a part of all programmes sponsored by the Central government. This will not only ensure our participation but will also ensure that the central government gets due credit for all its efforts.

*May kindly
