| <b>Monographs:</b> |   |
|--------------------|---|
| 1.                 | <i>Barleria strigosa</i> Willd.                     |
| 2.                 | <i>Caesalpinia bonduc</i> (Linn.) Roxb.             |
| 3.                 | <i>Canscora alata</i> (Roth) Wall.                  |
| 4.                 | <i>Dendrophthoe falcata</i> (Linn. f.) Etting.      |
| 5.                 | <i>Eleusine coracana</i> (Linn.) Gaertn.            |
| 6.                 | <i>Ficus lacor</i> Buch.-Ham.                       |
| 7.                 | <i>Gisekia pharnaceoides</i> Linn.                  |
| 8.                 | <i>Holoptelea integrifolia</i> Planch.              |
| 9.                 | <i>Holostemma ada-kodien</i> J.A. Schultes          |
| 10.                | <i>Imperata cylindrica</i> (Linn.) Raeusch.         |
| 11.                | <i>Juglans regia</i> Linn.                          |
| 12.                | <i>Lagenaria siceraria</i> (Mol.) Standl.           |
| 13.                | <i>Mangifera indica</i> Linn.                       |
| 14.                | <i>Martynia annua</i> Linn.                         |
| 15.                | <i>Moringa oleifera</i> Lamk.                       |
| 16.                | <i>Nerium oleander</i> Linn.                        |
| 17.                | <i>Nymphaea alba</i> Linn.                          |
| 18.                | <i>Pavetta tomentosa</i> Roxb. ex Sm.               |
| 19.                | <i>Phyllanthus acidus</i> (Linn.) Skeels            |
| 20.                | <i>Piper longum</i> Linn. (root)                    |
| 21.                | <i>Piper longum</i> Linn. (stem)                    |
| 22.                | <i>Pistia stratiotes</i> Linn.                      |
| 23.                | <i>Pterocarpus marsupium</i> Roxb.                  |
| 24.                | <i>Saccharum officinarum</i> Linn. (Root)           |
| 25.                | <i>Saccharum officinarum</i> Linn. (Stem)           |
| 26.                | <i>Shorea robusta</i> Gaertn.f.                     |
| 27.                | <i>Spondias pinnata</i> (Linn.f.) Kurz              |
| 28.                | <i>Syzygium cumini</i> (Linn.) Skeels               |
| 29.                | <i>Thespesia populnea</i> (Linn.) Soland. ex Correa |
| 30.                | <i>Toddalia asiatica</i> (Linn.) Lamk.              |
| 31.                | <i>Vigna radiata</i> (Linn.) R. Wilczek             |

| <b>Appendices</b> |   |
|-------------------|---|
| I.                | Evaluation of crude drugs                     |
| II.               | Phytochemical evaluation of raw material      |
| III.              | Methods for the isolation of markers          |
| IV.               | Drying and storage of raw material            |
| V.                | Pesticide residue and microbial contamination |
| VI.               | Plants allocated to various institutes        |

| <b>Indices</b> |   |
|----------------|---|
| I.             | Botanical names                                     |
| II.            | Chemical constituents                               |
| III.           | Other names of the plants                           |
| IV.            | Monographs published in earlier volumes (Vols 1-16) |
