

# PHYTOCHEMICAL REFERENCE STANDARDS OF SELECTED INDIAN MEDICINAL PLANTS VOL 2 (2012)

## Contents (Volume 2)

Foreword

Preface

Acknowledgements

Introduction

Contents of Volume I (Phytochemical Reference Standards Covered)

### Monographs:

1. Amarogentin
2. Arjunetin
3. Arjungenin
4. Asclepin
5. Asiatic acid
6. Bacopaside X
7. Bacoside A<sub>3</sub>
8. Bacosine
9. Bassic acid
10. Betaine
11. Capsaicin
12. Echinocystic acid

13. Galangin
14. Genistein
15. 6-Gingerol
16. Hayatin
17. Hecogenin
18. Hederagenin
19. Hesperidin
20. Indican
21. Malkanguniol
22. Naringin
23. Neriifolin
24. Parkinsonin A
25. 6-Shogaol
26. Tecoside

27. Valerenic acid
28. Voacangine
29. Withanolide A
30. Withanoside IV

### **Appendices**

- I. Materials and methods
- II. Extraction methods
- III. Separation techniques used
- IV. Phytochemical reference standards (PRS) allocated to participating institutions

### **Indices**

- I. Chemical constituents
- II. Botanical names

27. Valerenic acid	280
28. Voacangine	290
29. Withanolide A	302
30. Withanoside IV	313

### **Appendices**

I. Materials and methods	327
II. Extraction methods	329
III. Separation techniques used	330
IV. Phytochemical reference standards (PRS) allocated to participating institutions	333

### **Indices**

I. Chemical constituents	335
II. Botanical names	349
