

❖ Name & Designation	: Dr. Dinesh Kumar, Assistant Professor.
❖ Address	: Institute of pharmaceutical Sciences, Kurukshetra University Kurukshetra-136119.
❖ Name of the International Conference/ Seminar/Symposium/ Workshop	: 74 th FIP World Congress of Pharmacy and Pharmaceutical Sciences 2014.
❖ Title of the abstract accepted	: Effect of hydroalcoholic extract of <i>C. equisetifolia</i> L on fertility in ovariectomized female rats.
❖ Date & Venue	: 31 st August-4 th September 2014, Bangkok, Thailand.
❖ Money sanctioned	: Rs 32,396/-
❖ Money reimbursed	: Rs 29,106/-

Participation Report

During the conference (74th FIP's World Congress of Pharmacy and Pharmaceutical Sciences 2014), I have presented a poster of my work entitled "Effect of hydroalcoholic leaves extract of *C. equisetifolia* L. on fertility in ovariectomised female rats" (Poster No. NPR-011) in Natural Products section. In my work, use of plants in female fertility regulation has been emphasized and experimentally supported to overcome the side effects of synthetic oral contraceptive agents. During poster presentation of my paper, I answered the most of the questions asked by the participants and learned few new things related to my work. I also informed the delegates about the Infrastructure facilities and currents research going on in our university as well as in Pharmaceutical Sciences on Natural products.
