

National Center for Assistive Health Technology

An ICMR-funded project at AIIMS, New Delhi

Recruitment Notice for Senior Research Fellows

Ref: NCAHT/RN/SRF/2022

Date: 26th Dec 2022

About: National Center for Assistive Health Technology (NCAHT) is an ICMR-funded collaborative project of AIIMS, New Delhi and IIT Delhi with a mandate for landscape research and innovation in Assistive Health Technologies.

Posts: Senior Research Fellows (SRF's), Up to 10 positions at NCAHT, AIIMS, New Delhi

Description: SRF's will be recruited either as Innovation Fellows or Research Fellows based on their credentials and preference.

Innovation Fellows: Will work closely with faculty at AIIMS, in multidisciplinary teams to identify, conceptualize and develop novel assistive technologies. NCAHT is looking for candidates with an entrepreneurial inclination and a commitment to bringing their innovations into clinical use. NCAHT will provide technical and clinical support for the development of these technologies.

Research Fellows: Will undertake primary and secondary landscape research in the field of assistive technology and disability rehabilitation, and identify gaps across the value chain. They shall also study the policies, standards related to assistive technologies and their integration into the clinical workflow. NCAHT will provide support for accomplishing these research objectives.
