Dear INDIAN COUNCIL OF MEDICAL RESEARCH,

This notification concerning your System for Award Management (SAM) renewal has been sent, as previously requested, to inform you that the CAGE code 2768Y is in need of updating, due to its current expiration date of January 10, 2024. Recent changes with SAM's new Entity Validation may cause **more time** than usual to be required to process your registration update.

SAM registrations are being merged from 10 online websites, including the original SAM website, into one new streamlined system at sam.gov. The new sam.gov website features increased security and improved functionality, and is designed to make the Federal award process both safer and easier to use.

**NOW** is the time to get started with the renewal process.

**Please consider that any registrant that does not complete the registration process may run the risk of interference and/or delay with Federal Government funding and/or awards. SAM registrations must be complete, current, compliant, and active for Federal Government awards, grants, and payments.** Registrations that have expired and/or are not completed may risk the possibility of being placed into **deletion of information status** within the system, according to SAM guidelines and policy.

We are here to ensure that registrants are updated and completed properly and fully compliant with all policies regarding the SAM registration renewal process, in accordance with the US Federal Government SAM registration current requirements.

To begin the process of updating and compliancy assurance maintenance, select the link below now, and follow the instructions. Your assigned Renewal Compliance Advisor will contact you within 24 business hours for confirmation.

**BEGIN PROCESS NOW**

**For assistance via phone:**  
**Contact 1-877-353-8098**  
Monday - Thursday  
8:30 AM - 7 PM EST
