No. 16/18/2024-Admn./E – Office No.184719

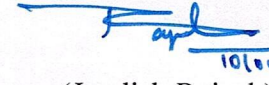

Dated: - 10/04/2024

Office Memorandum

In pursuance of interim recommendations made by the Performance Evaluation Committee, the following ICMR Institutes have been renamed and their scope has been broadened, which has the approval of the Governing Council of the ICMR in its meeting held on 02.03.2024.

- 1. ICMR-National Institute of Medical Statistics (NIMS):** Institute has served the purpose for which it was constituted. It is not relevant in its current form. Hence the institute is transformed and renamed as **National Institute for Research in Digital Health and Data Science**, to broaden the research mandate by including data science and artificial intelligence.
- 2. ICMR-National Institute of Pathology (NIP):** In the current form, the institute lacks utility. Based on its strengths and close links with the Safdarjung Hospital, institute is transformed and renamed as **National Institute of Child Health and Development Research**.
- 3. ICMR-National AIDS Research Institute (NARI):** Expansion of mandate of this institute beyond AIDS is required. Hence the institute is renamed as the **National Institute of Translational Virology and AIDS Research** to complement the ICMR National Institute of Virology (NIV).
- 4. ICMR- National Institute of Cholera and Enteric Diseases(NICED):** The current mandate of the institute is narrow. There is a critical requirement to expand research in the area of AMR (Anti- Microbial Resistance). Hence the institute is transformed and renamed as **National Institute of Bacterial Infections**.

All future correspondence may be made using new name of the Institutes.
