D.O. No. 4-2/2022-KT

Respected Secretary Madam/Sir,

Please refer to DO letter of even No. dated 25th September, 2023 of Secretary, DoSEL regarding Vidyanjali- the school volunteer initiative addressed to Secretaries of all Ministries/Departments wherein request was made during the Swachhata Pakhwada held from 2nd to 31st October 2023 to make contributions to the Government and Government Aided schools assets in the form of refurbished computers, furniture, cupboards and other items through the Vidyanjali portal.

2. As part of this campaign, many Departments/Ministries have come forward have contributed to the Government schools in Delhi and Navodaya Vidyalaya in Noida by providing refurbished computers for use in their ICT labs. This contribution of the Departments/Ministries through Vidyanjali has impacted a significant number of students by providing access to ICT labs furnished with functional computers.

3. We would like to once again reiterate our earlier request made to all Departments/ Ministries to participate in the **Vidyanjali** - school volunteer program by contributing used refurbished ICT devices, reusable furniture, cupboards, LCD screen etc. that are in good workable condition to the govt. schools either in Delhi, NCR or through your subordinate Offices pan India.

4. For your convenience, the Vidyanjali portal can be accessed at <https://vidyanjali.education.gov.in>. For any queries or assistance on how to proceed with the contribution process, please feel free to contact with Ms. A Srija, Economic Adviser, Nodal Officer, Vidyanjali at srija.a@gov.in, Mobile : 9650811988 or pmuvidyanjali@gmail.com or call PMU helpline No- 011-23765602. I look forward to your active contribution.

Dear Colleagues

Subject - Prevention and Mitigation of Fire Incidents during Summer Season in Health Facilities.

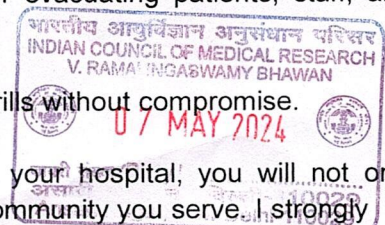

I write to you to bring to your attention the hazard of incidents of fire in healthcare facilities with rising temperatures across the country in the forthcoming summer that is predicted to be severe. If I may re-emphasize, safety and well being of patients (both outpatients and inpatients), staff and visitors is of utmost importance in these healthcare facilities.

Most of these fire-incidents is a result of short-circuits due to sub-optimal electrical maintenance and/or overload of electricity lines due to use of Air-Conditioners and other equipment. Given the potential risks associated with fire hazards in hospitals, it is imperative that strict protocols and measures be put in place to prevent, detect and respond to fires effectively. Establishing a robust fire safety plan and conducting fire-evacuation and safety drills will not only ensure compliance with regulatory requirements but also safeguard lives and property.

I urge you to prioritize the following key areas in your fire safety planning and management:

1. Conducting regular preventive fire risk assessment drills to identify potentially vulnerable areas.
2. Implementing appropriate fire prevention measures, such as proper storage of flammable materials and regular and optimal preventive maintenance of electrical circuits and systems.
3. Providing staff-training on fire safety protocols, evacuation procedures, and use of fire-fighting equipment.
4. Installation and optimum maintenance of fire detection and suppression systems, including smoke alarms, fire extinguishers, and sprinklers.
5. Establishing an emergency response plan with SOPs for evacuating patients, staff, and visitors in the untoward event of a fire.
6. Most importantly, regular conduction of mock emergency drills without compromise.

By taking proactive steps to enhance fire safety in your hospital, you will not only protect lives but also uphold the trust and confidence of the community you serve. I strongly

encourage you to prioritize this matter and ensure that all necessary measures are in place to mitigate the risks posed by these potential fire incidents.

Thank you for your attention to this important issue. I look forward to positive steps towards implementation of robust fire safety measures in your health care facilities.

Warm Regards,

Yours sincerely,

(Atul Goel)
