Latent TB diagnostic test kits prospectively validated & approved by ICMR

Please Note:

- Below listed kits are validated with the mentioned lot/batch numbers only as per specified scope of the test kit.
- Responsibility for use and batch to batch consistency does not lie with ICMR.
- ICMR validation is not a pre-requisite for DCGI approval.
- ICMR validation does not guarantee that the kit will be included in ICMR tenders.

Till date, one latent TB diagnostic test kit has been validated by ICMR and found to be satisfactory for diagnosis of latent TB
